

THERMOCOUPLE CABLE DATASHEET

Teflon (SSOB) Cable

ORDERING CODE: WK27

Tough, waterproof, resistant to acids, and high strength.

Stainless braiding for mechanical protection

Thermocouple: Type K Extension Cable

Temperature Range: -200 to 260°C

Cable Type: Twisted

Strands/Core: 14/0.2

ANSI Colour Code

+ Conductor : Nickel Chromium

- Conductor : Nickel Aluminium

Insulation:

Fluoropolymer PFA

Nominal Diameter: 1.40mm (± 0.05)

Colour Code: Red—Negative Yellow—Positive

Outer Sheath:

Sintered PTFE Tape

Armour

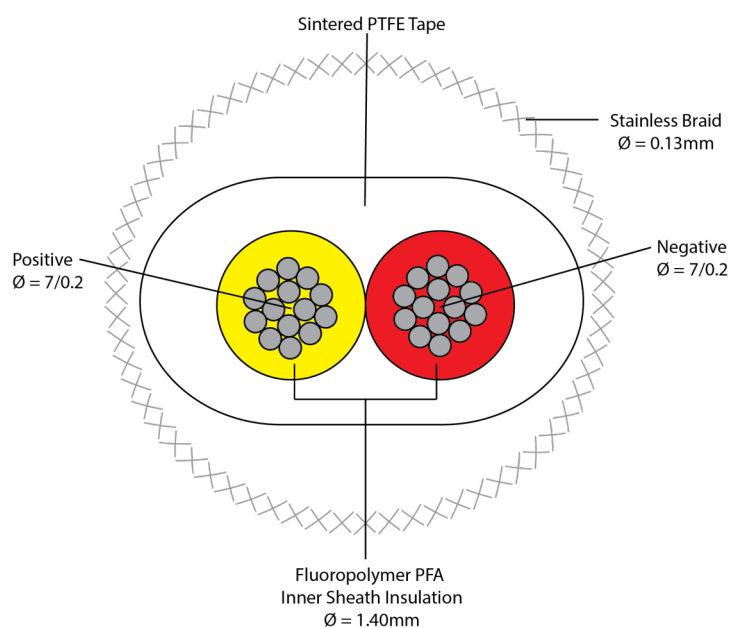

Stainless Steel Wires

Wire Diameter: 0.13mm

Dimensions:

Nominal Diameter: 3.7mm (± 0.2)

Weight: 25.56kg/km
